Annual JSC Survey for New Library Resources: FY 2022-23

Overview

Page description:

   Each year, the California Digital Library (CDL) and the **Joint Steering Committee for Shared Collections (JSC)** organize a survey to solicit recommendations from UC Libraries and **Common Knowledge Groups (CKGs)** for potential systemwide resource purchases.

Process

   The JSC reviews and evaluates survey responses for resources that have systemwide interest, are affordable, and meet UC-wide collection goals. The JSC ranks the responses, CDL solicits proposals from vendors, and final recommendations for resources to be acquired in FY 22/23 are presented to the UC Libraries **Shared Content Leadership Group (SCLG)** for approval. Approved resources are incorporated into CDL's annual licensing work plan for the current fiscal year.

FY 22/23 Survey

   The survey includes a list of resources for consideration and incorporates

recommendations from past surveys that have continued interest for systemwide

acquisition. Please note that some resources currently under consideration for

funding in FY22/23 are not included in this survey. These are mainly Ebook Strategies

Team recommendations such as Project Muse, MIT, UC Press, and Oxford University

Press.

Each UC Library and CKG Chair is asked to submit one response to the survey.

Each designated campus and CKG respondent may also provide up to three new

recommendations on behalf of their UC Library or CKG. CKG Chairs are responsible

for collaborating within their CKG to review the resources on the survey and to

prioritize recommendations. Each Chair will then submit the survey on behalf of their

CKG.

Principles Guiding Systemwide Resource Purchases

When considering the resources from prior surveys and when making new

recommendations, keep in mind the following JSC principles to guide decisions for

new content purchases:

- **Recommended resources are meant to improve systemwide access to important scholarly work. For example, [resources recommended and purchased in FY 21/22](#) advance the diversity of voices represented in our collections.**

- **Prioritize one-time purchases over ongoing commitments for maximum flexibility in future collecting.**

- **Purchasing or licensing decisions reflect a systemwide viewpoint and do not solely reflect the specific preferences or needs of a local campus.**

Each campus representative and CKG Chair is asked to complete and submit one survey on behalf of their group by the end of business on Friday, February 10, 2023. Thank you for your participation.

Section 1. Resources recommended in prior surveys that were not acquired systemwide.

Page description:

Section 1 includes resources recommended in prior annual surveys that were not purchased in FY 22/23. Please provide input following these guidelines:

Check the appropriate box for your recommendation. A campus or CKG can advocate for resources even if it is not the group making the original recommendation. Please add comments, especially if there are updates on the resource(s) since the last survey. Later in the survey, in Section 3, there is an opportunity for each designated respondent to recommend up to three new resources on behalf of their UC campus or CKG.

Section 2. Continue to fund in fiscal year 22/23.

Page description:
In FY 21/22, funds were used to replenish deposit accounts, to acquire current and multiple years of content, to purchase annual updates in perpetuity, and to extend access for current and future years.

Additional Information: [Resources Recommended and Purchased in FY 21/22](#)

27. Please provide your feedback for continuing the **Proquest Historical Newspapers and Proquest History Vault package** in FY 22/23.

Background: In FY 21/22, CDL used one-time funds to continue the Proquest Historical Newspapers and Proquest History Vault Plan and to purchase new content, extension years, and perpetual access.

In FY 22/23, should we continue access to this bundle and add modules for an additional one-time cost?
