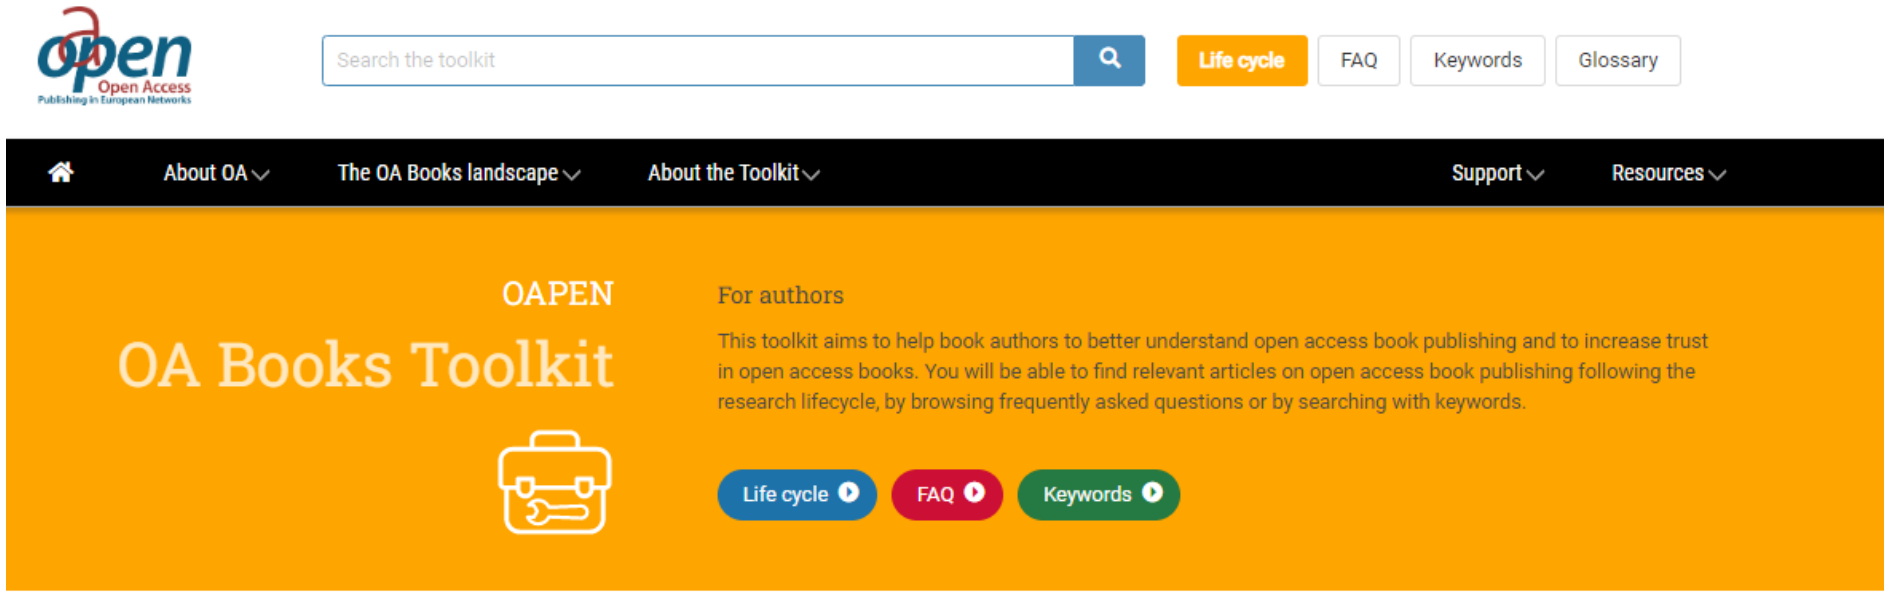
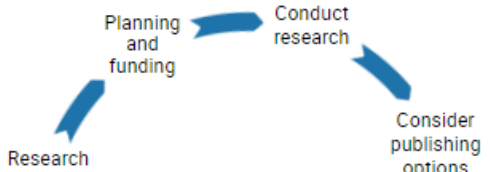
OA Books Toolkit

https://oabooks-toolkit.org



The OAPEN Open Access Books Toolkit covers specific topics related to open access books. Each article offers a quick and brief introduction to a particular aspect of open access book publishing. The toolkit also serves as a signposting tool: articles include a list of sources referenced, further reading and links to definitions of key terms.



Research life cycle

The toolkit makes use of a typical research lifecycle, consisting of the following eight stages. Click on each stage to find related articles.

How can we engage around OA books?

Participation in DOAB & OAPEN: Providing input, feedback and exchanging ideas – open to all library staff

- Library Working Group 1: Metadata
- Annual Meeting for Supporting Libraries
- Library Member Mailing List – sharing key developments for our libraries

OAPEN OA Books Toolkit

- Include locally on website, lib-guides & resources
- Propose new topics, content or additions

Projects & service development

- Book Analytics Dashboard project
- Metadata Export Module for Open Access Books (stemming from library input)

OA Books Network (OABN)

- Participation in the OABN Special Interest Group - connecting with the wider OA books community including other stakeholders on topics such as advocacy, creating helpful resources and more

Open to further ideas & suggestions
